5. L.O.B. GREECE.....	21
6. L.O.B. CYPRUS.....	25

Overview List of Beneficiaries (L.O.B.)

The purpose of this project is to bring together and strengthen the cooperation between companies and HEIs through the development of courses in Water Resources Management, while taking into consideration potential climate change impacts, with adaptive learning and teaching methods. HEIs are not highly engaged to the larger society that can lead to graduates less desirable by enterprises and companies. This can be alleviated by establishing truly collaborative relationship between HEIs and enterprises. This is one of the purposes of establishing the Water Network.

The first step in order to have a successful network that will engage of the relevant stakeholder is to developed a list of all the potential stakeholders in the relevant countries of the projects. The partner in each country develop Lists of Beneficiaries (L.O.B.) that are compiled for each country in the following chapters. The L.O.B. for the countries are:

- 1) L.O.B Palestine**
- 2) L.O.B Jordan**
- 3) L.O.B Netherlands**
- 4) L.O.B Spain**
- 5) L.O.B Greece**
- 6) L.O.B Cyprus**

1. L.O.B. PALESTINE

a/a	Name	Country	Address	Company/Public Authority	Email	Relation to water
1	Eng. Ammar Al Khokhon	Palestine	Nablus		ammar.kukhun@gmail.com	Water and Wastewater Engineer
2	Dr. Muhammad Al Masri	Palestine	Nablus	AQUA Company	mnmasri@yahoo.com	Water Recourses, Modeling, IWRM
