1. THE DISSIEMNATION WORKPACKGE OBJECTIVES

The objectives of the WP4.1 are to provide a coherent, tailored and effective communication strategy and to create the tools for a wide and extended project dissemination of its results. Initially a dissemination plan will be developed to guide the activities. Specifically, dissemination materials will be created, information material through professional networks, to local Authorities, companies etc. will be distributed, dissemination workshops will be organized, a conference will be hosted and a sustainable internet presence through a website and social media will be created. The dissemination material will include printed and electronic and the development of a video. Presentations in relevant conference will also take place.

The Calendar of WaSec Newsletter is a tool to keep the consortium eye on the responsibility of all partners on the dissemination of the Project, especially in the partner countries, and to make alarm for sharing any news or events could benefit the target group of the project.

2. NEWSLETTER CALENDAR

This Calendar is made for 6th months and it will be renewed, until the time of the project ends, any partner can share in any time but the main responsibility each week is for one listed partner.
