Invitation to Greek enterprises to answer the questionnaire for the survey of CRE THI DEV

April, 2019

In context of WaSec project activities, the first bi-monthly meeting has been conducted through a skype group call, where the following discussion has been exchanged between participants:

The coordinator described the process of administrative and financial issues for the purpose of midterm and final reporting, that is needed by each partner. therefore, it was agreed that special session about this topic must be given by the coordinator in the next meeting that will be held in Kavala Greece next September. 2) The WP. 1.1 has been discussed in detail because of the upcoming deadlines in regard to its deliverables. In general, the work is running smoothly with small difficulties due to the length and content of the questionnaire.

Participants discussed the necessity of publishing the project website in the main page of each partner's institutes, which linked mainly to the project website. In this context, the coordinator requested from JUST (the lead partner) to continue their efforts in construction and updating of the project website and include all the project materials, activities, photos....etc.

First Bi-Monthly Skype Meeting

June, 2019

In context of the WaSec project activities, the second bi-monthly meeting has been conducted through a skype group call, where the following discussion has been exchanged between participants, and moderated by George Zaimes (EMaTTech). The WP. 1.1 has been discussed in detail because of the upcoming deadlines in regard to its deliverables. Thanasis (OUC) explained the draft for the concept of W.P. 2.2.1. The final draft will be sent to all partners after the meeting to approve the final version. Ruba (JUST) explained the progress of disseminations and outcomes during the last 6th months. Arrangement for the next meeting in September, Kavala-Greece has been discussed.

George (EMaTTech) provides an update about the external advisory committee; everything has been finalized and the names of the committee members have been approved. George (EMaTTech) informed that deliverable 1.1.2. Review Water Education Curricula of major Universities in EU Countries has been completed and sent to all partners. This deliverable was completed with joint effort of all the EU Universities (EMaTTech, OUC, UPM and VU).
